I'm Done With Treatment, What's Next?

Completing cancer treatment is often exciting, stressful, and filled with new challenges and uncertainty. This 60-minute educational program will provide guidance on scheduling follow-up appointments, knowing when to contact your PCP vs. oncologist, late effects that you can expect, and the emotional journey that can follow cancer treatment.

Tuesday, August 30th | 12:00-1:00pm

To register, please contact Lindsay Chisholm, LCSW at (303) 336-3059.

All groups are offered virtually through Zoom.
Visit our website for a full listing.
